

Application of Openness and Transparency Principles in Georgian Governance

Catherine Kardava

The Civil Service Bureau is a legal entity under public law, which aims to develop administrative and legislative policies for civil service in the country and to introduce the principles of effective public administration

The mission of the Bureau is to promote the implementation of the unified policy of the Georgian Civil Service and to develop a professional, career-based civil service through the refinement of legislation, effective and transparent governance and the introduction of ethical standards, as well as support for anti-corruption policies
